

Dear All,

St. Xavier's College, XRCVC-Viviana extension is happy to announce 1-day offline workshop on the theme “**Using skills of JAWS in daily work**”. This Workshop is supported by the **Dhun Pestonji Parakh Discretionary Trust**.

A well-known proprietary software JAWS, one of the most popular screen readers in the world of visually impaired people. Even though it is a cost effective one, its intense features cannot be ignored. In today's environment it has become necessary to know about the characteristics of JAWS. We, at XRCVC have designed this exclusive workshop for ability development on different application specific to visually challenged person.

Key themes would include various features such as:

- Understanding key stroke similarities with existing screen reader,
- Choice of synthesizers, languages, cursors, OCR and many more special aspects of this challenging program.

In this upcoming offline workshop, we will learn the various skills of this wonderful software with hands on illustrations and practice.

Eligibility & Criteria: -

1. Visually impaired person.
2. Should be screen reader JAWS/NVDA user.
3. Basic knowledge of office applications and internet is a must.

Limited seats are available.

Those interested should kindly register by using the link appended below.
