

Dear All,

St. Xavier's College, XRCVC -Viviana extension is happy to announce an **online workshop on the theme "Use of Dolphin Easy Reader with Android Phone"** under its Tech Roshni series – A step at bridging the digital divide for blind and low vision persons. This Workshop is supported by the **SBI Foundation - Centre of Excellence for PwDs**.

In the last session, we learned how to explore Simply reading program. There are few more applications which help to perform similar tasks with the assistance of Android phones. The Dolphin easy reader app is one of the program which allows us to log in to various libraries, download documents and gives the opening to read with the mobile device.

The Easy Reader app is easy to use by persons with blindness or low vision on a touch screen device and books can be directly downloaded and read in this app from various online platform such as Bookshare, RNIB Reading Services and many more. The application is free and developed by Dolphin Computer Access Ltd.

In the upcoming workshop, we will study the Easy Reader program with hands-on experience.

Eligibility: participants should have good knowledge of Android phone gestures with talk back, touch typing and internet browsing.

Limited seats are available for the session.

Those interested should kindly register by using the link appended below.

<https://forms.gle/xXsR236YrUuxeskP9>

Resource Persons: Vikas Dabholkar and Keshavan Nadar

Criteria: Persons with print disabilities such as blind and low vision. Participant should be a screen reader user.
