

Dear All,

St. Xavier's College, XRCVC -Viviana extension is happy to announce an online workshop on the theme "**Using Free Translate service with NVDA**" under its Tech Roshni series – A step at bridging the digital divide for blind and low vision persons.

Translation is the process of reworking text from one language into another to maintain the original message and statement.

**Google Translate** is a free tool developed by Google that enables you to translate sentences, documents and even websites from one language into another in a few seconds. Google Translate offers translations in more than 100 languages as of April 2021 and translates a total of over one hundred billion words daily.

Google Translate is based on both neural machine translation (NMT) and human contribution via its Translate Community.

In an upcoming workshop, we will study google translate feature with hands-on experience.

**Eligibility:** participants should have a good knowledge of Internet browsing, typing and screen reader.

Limited seats are available for the session. Those interested should kindly register by using the link appended below.
