Dear Friends,

The XRCVC is happy to announce **online session on theme "Fundamentals of Google form with NVDA".**

Google forms is one of the Google most popular product nowadays extensively used in the educational field, homes and corporate world. Its flexibility allows users such as - Want to get to know better Opinion, surveys of students, clients and employees. Its suppleness can be extended to track student performance. Companies can learn about their customer's data, and personal lives (health data, financial data, and social media data) by individual. Thus at various level one can have their own data gathering and tracking tool that's free and easy to learn.

This workshop will give participants a practical experience of Google form and its basic tools.

Eligibility: participants should have good knowledge of Screen reader, Typing, Internet browsing, Fundamentals of G-mail and drive.

Limited seats are available for the session.
