

The **XRCVC - Viviana Extension, Thane** is happy to announce in collaboration with **Louie** an **online workshop on the theme "Louie Voice Control App"**. This workshop is supported by **Great Eastern CSR Foundation**.

**Louie** is an accessibility mobile App and can be used by all voice-lovers including but not limited to **visually impaired, blind, motor-disabled, elderly, people with limited manual dexterity and all hands-free lovers**.

**Louie Voice Control is an App** that enables visually impaired users to do fully operate popular Apps with just voice commands. Louie is designed keeping the special needs of the visually impaired users in mind, as the founder Primit himself is a person with vision impairment.

**Louie** is one of its kind solution that does a continuous two-way interaction with the users and does each and everything within a supported App.

**Louie currently supports YouTube, WhatsApp, Uber, Contacts and Phone Calls. Many more apps are on the way.**

**Here is the Play Store Download Link for Louie:**
