Want to do something meaningful and get paid for the same?

The Xavier's Resource Centre for the Visually Challenged (XRCVC), St. Xavier's College, Mumbai invites applications for accessible book content creation staff. (www.xrcvc.org)

Start Date: As soon as possible

Work Timings: 10.30 a.m. - 6.30 p.m. (Flexi hours and work from home options available)

The Project:

Help the XRCVC create accessible content for blind and low vision persons. The content created will be part of a national accessible online library aiming to increase availability of books to the print disabled (sugamyapustakalaya.in).

Work will involve scanning, editing, typing word documents to make soft copy accessible versions of hard copy books following the XRCVC book content standards. (Training will be providing in creating this and there is also an option to work on tactile diagrams and alternative text description.)

Who are we looking out for?

- Enthusiastic young minds with an eye for details
- Good computer and typing skills a must
- Patience and perseverance at editing and cleaning text
- Being able to do repetitive work without suffering on quality.
- Output based worker
- Ex- XRCVC content volunteers most welcome.
- No Age/qualification restriction. As long as you are good with computer typing and willing to learn you can apply.

What's in it for you?

- You get Rs. 7500.00 a month if you can generate a fixed amount of good quality output.(For Full time)
- You are expected to generate not less than 24 pages of non-math content/16 pages of math content in a day.
- Option to work from home based on output
- Option of doing flexi-hours based on output.
- Part time work options also available.
- Satisfaction of contributing to Building Inclusion in India
