

Dear All,

The XRCVC - Viviana Extension, Thane is happy to announce an **online workshop on the theme “Efficient Use of Thorium Reader for Low Vision Users”** under its Tech Roshni series – A step at bridging the digital divide for blind and low vision persons. This Workshop is supported by the **Dhun Pestonji Parakh Discretionary Trust**.

In the previous workshop we studied about Thorium reader especially for people with no vision. Thorium reader is having capability to support for high-contrast, customizable font including dyslexia font), color themes and many more. This feature allows the app to use efficiently for Low vision and dyslexic people

In the upcoming workshop, we will study the features of this application exclusively in prospective of Low Vision users.

**Eligibility:** participants should have good knowledge of screen reader, Screen magnifier, cursor movements, Key board and internet browsing.

Limited seats are available for the session.

Those interested should kindly register by using the link appended below.
