Dear All,

St. Xavier's College, XRCVC - Lake Shore Extension is happy to announce an online workshop on the theme "**Using LibreOffice Calc with NVDA**" under its Tech Roshni Series – A Step Towards Bridging the Digital Divide for Blind and Low Vision Persons.

Have you ever wondered:

- What would you do if Microsoft Excel is not installed on your computer or stops working properly?
- Did you know that LibreOffice Calc can serve as a powerful and free alternative to Microsoft Excel?
- Are you confident in using LibreOffice Calc efficiently with NVDA, or would you like to learn practical techniques to make spreadsheet navigation and data management easier?

Accessible spreadsheet management is not only a best practice but also an essential step toward ensuring equal participation in education, employment, and everyday tasks. NVDA is a powerful screen reader that enables blind and low vision persons to interact effectively with digital content, while LibreOffice Calc provides a free and versatile platform for creating, editing, and managing spreadsheets.

This workshop will provide participants with a practical understanding of how to use NVDA with LibreOffice Calc, demonstrate basic spreadsheet features, and offer guidance on making everyday data-related tasks more accessible, efficient, and productive.

Interested participants should register on or before Thursday, 12 November 2026 by 4:00 PM using the registration form link below:

Registration Link: https://forms.gle/wwgnFXyZjd5afcBX6

Workshop Date and Time: Saturday, 14 November 2026 at 4:30 PM (IST)
Resource Persons: Vikas Dabholkar and Keshavan Nadar
Eligibility: Participants should be persons with blindness or low vision.

Please note that registered participants will receive the joining link by Friday, 13 November 2026 (end of the day).

Hurry and reserve your spot for this informative and practical workshop!

Thanks,
Team XRCVC,
