

Dear All,

XRCVC - Viviana extension is happy to announce an Offline Training on the theme "Standard G-Mail with NVDA."

In today's digital world, email communication is essential. One of the most popular E-Mailing platform G-Mail, which earlier offered two main views: Standard and Basic HTML. While many visually impaired users preferred the Basic HTML view because of its simplicity and accessibility. Unfortunately, Google recently discontinued this view.

To help the users transition to the Standard view, which offers new features and improved accessibility, we're providing this training.

Let's explore how to effectively use Gmail's Standard view with NVDA in this one-day offline training.

Eligibility: Participants should have good knowledge of screen reader, Typing, Internet browsing, knowledge of basic HTML G-Mail.

Limited seats are available for the session.

Those interested should kindly register by using the link appended below.
