

Dear All,

St. Xavier's College, XRCVC-Viviana Extension is happy to announce an online workshop on the theme "**Magnifying the Possibilities**" under its Tech Roshni series – A step toward bridging the digital divide for blind and low vision persons.

Low vision is a broad spectrum, with each condition requiring unique solutions tailored to individual needs. While the availability of low-vision software for computers is limited and often comes with fewer features, these tools are crucial for enabling independent computer access.

Join us to explore an innovative low-vision software that offers a wide range of features and is highly customizable, designed to meet diverse user requirements.

Eligibility: participants should have a good knowledge of cursor movements, Keyboard, basics of Windows.

Limited seats are available for the session.

Those interested should kindly register by using the link appended below.
