

Dear All,

St. Xavier's College, XRCVC – Lake Shore Extension is happy to invite you to an **Tech Roshni Online Workshop on “Tally with JAWS”** under its **Tech Roshni Series**, under its Tech Roshni initiative – a step toward bridging the digital divide for blind and low vision persons.

- How a visually impaired may be doing accounting studies?
- Do you often need help from sighted persons to manage accounting work at office?
- Which accounting software they may be using?

Tally is one of the most commonly used accounting software in offices, shops, and organizations. For many beginners, especially persons with print disabilities, learning Tally can be challenging as it is not fully accessible. Without proper guidance, new users may feel unsure or dependent on others.

This **one-hour awareness** workshop will help explore tally and its accessibility from professionals.

**Workshop Details:**

**Date and Time:** Saturday, 17 January 2026 from 4:30 PM to 5:30 PM (IST)

Interested participants are requested to register using the link below on or before **Thursday, 15 January 2026, by 6:00 PM.**

**Registration Link:** <https://forms.gle/FaG5XqUPZg3a5piC6>

**Resource Persons:** Sameer Latey and Keshavan Nadar

**Eligibility Criteria:**

Persons with print disabilities.

Registered participants will receive the joining link by **Friday, 16 January 2026 by end of the day.**

If you are new to accounting or curious to learn how Tally works, this session is a great place to begin.

**Register now and take your first step towards understanding about Tally with confidence.**

Thanks,

Team XRCVC,

**Xavier's Resource Centre for the Visually Challenged (XRCVC)**
