

Dear Friends

St. Xavier's College, XRCVC -Viviana extension is happy to announce an online workshop on the theme "Using Robo Braille with NVDA" under its Tech Roshni series – A step at bridging the digital divide for blind and low vision persons. This workshop is supported by **Dhun Pestonji Parakh Discretionary Trust**.

Are you struggling with the file format while doing your studies? Do you want to read the reading material in the format which you are comfortable in but you do not know how to convert the material in the format which you want? Here is the solution to your struggle!

RoboBraille is an e-mail and web-based service capable of automatically transforming documents into a variety of alternate formats for the visually and reading impaired. This service enables us to convert the files in to Audio, EPUB, DAISY Talking format and many more.

In this awareness workshop we will explore the RoboBraille website and learn how to use the service effectively with the NVDA screen-reader.

Join us for this interesting workshop on Saturday 21<sup>st</sup> June 2025 between 4.30 pm and 5.30 pm. If you are keen then please register on the following link <https://forms.gle/xAc6P45bmjiMJqr5>

**The last date for registration will be Thursday 19th June, 2025, 11.59 pm.**

**Registered people will be mailed the joining link on the 20th. Look forward to meeting you there.**

**Resource person:** Tejas Karanje and Keshav Nadar

**Criteria:** Persons with print disabilities such as blind and low vision.

Team XRCVC,

Best Regards
