Dear All,

St. Xavier's College, XRCVC -Viviana extension is happy to announce **an "1 Day Offline Training on ChatGPT with NVDA".**

In the AI Tool era, ChatGPT is an innovative AI language model designed to engage in natural, insightful conversations on a wide range of topics. Moreover, it offers accessible features such as text-based interaction, helps to visualize your ideas by generating of images and making it easier to get the information or creative output as needed. Persons with vision impairment can also make use of the ChatGPT to accomplish their tasks using screen-reader.

In this training, we will learn how to explore ChatGPT, its accessibility, and how to use it effectively with the NVDA screen reader.

Limited seats are available for the session!

Register through the given link - https://forms.gle/KaBhEc7EUnibLBbJ9

Criteria:

    a. Persons with print disabilities such as blindness and low vision.

    b. Participants should have a good knowledge of screen reader, cursor movements, Keyboard, and internet browsing.

Resource Person: Keshavan Nadar.
