

Dear All,

Reading Without Seeing

As a person with visual impairment, have you ever wondered what kind of technology is available in the ever-changing world? Have you had occasions when you wanted to read something, but didn't know how? Like when you received a photograph of a newspaper article on Whatsapp or other social media? Well, all this and more is possible. In fact, if you are more alert, you can be better informed than sighted people.

Technology has revolutionised the world, but, it could be difficult to know what to use when. There are ways to get this riddle solved.

A wonderful opportunity is coming your way. On Saturday, 23rd November 2024 at XRCVC Viviana Extension, a reading without seeing program is the answer to all the above questions.

Who can participate: The workshop will be most useful for students, job seekers and professionals as it will provide them with ideas for seeing and deriving more and more knowledge.

Limited seats are available. Please register at the earliest, otherwise you will regret the lost opportunity. Remember, "पढ़ोगे तो बढ़ोगे".

<https://forms.gle/j4a2f1YrUHZ9F7Ph9>

Charges: Free (Your enthusiasm & precious time of 3 hours!)

Date: 23rd November 2024 (Saturday)

Time: 11 AM to 2 PM - IST
