

Dear Friends,

St. Xavier's College, XRCVC - Lake Shore Extension is pleased to announce an **1-Day Hybrid Mode Training in topic "Enhancing skills Using NVDA Add-ons"**.

NVDA add-ons are lightweight extensions that enhance the NVDA screen reader with new features. They boost productivity by providing tools for OCR, braille, speech customization, navigation, and application-specific support. Their value depends on the add-on's quality, compatibility with the NVDA version, and alignment with the user's workflow. Many blind users rely on add-ons daily, as they significantly expand NVDA's capabilities beyond its default features.

In this one-day training session, participants will learn how to find, install, and use NVDA add-ons, with a special emphasis on flexibility. The session will demonstrate how add-ons can streamline essential tasks, ensuring a more effective and empowering NVDA experience.

Eligibility: participants should have good knowledge of typing, screen reader.

Limited seats are available for the session. Those interested should kindly register by using the link appended below.

<https://forms.gle/JTo5iQfWfn7fyVYu6>

Resource Persons: Vikas Dabholkar and Keshavan Nadar
