

Dear All,

St. Xavier's College, XRCVC-Lake Shore Extension (Formerly Viviana Extension) is happy to announce an online workshop on **AI Series** the theme "**Unlocking Word 365 with AI & NVDA**" under its Tech Roshni series – A step at bridging the digital divide for blind and low vision persons.

- While drafting for research reports are you tired of constantly switching between multiple applications?
- As a screen reader user do you face challenges in formatting the document.
- As a learner are you facing to summaries your document for notes.

XRCVC invites you to an awareness workshop designed to demonstrate how Artificial Intelligence (AI) can revolutionize your drafting process, allowing you to create high-quality documents efficiently and intelligently.

This one-hour workshop will focus specifically on utilizing the powerful, integrated AI features within Microsoft Office 365 - Word. A key focus will be exploring the accessibility of the AI interface when used with the NVDA screen reader, ensuring all participants can leverage these transformative tools.

Interested participants should register for the workshop using the link appended below.

Registration link: <https://forms.gle/CzWnyu8bjeMLv8gm7>
